

# TALAVERA WATER DISTRICT

## **MISSION**

To provide residents of Talavera adequate and reliable supply of high quality water and excellent service to meet the present and future needs, in an environmentally and economically responsible manner.

We accomplish this, through the efforts of the District's employees by developing their full potential, through sound business practices and through timely application of emerging technologies.

## **VISION**

Truly Filipino and globally competitive, bestowing the residents of Talavera improves health and sanitation, fire protection, better standard of living, and more economic opportunities.
